Experience

Partner - Sales/Technical Recruiting | July 2016 - January 2021

KickStart Finder, Inc

  - Developed website and Applicant Tracking System with AirTable significantly reducing data entry time
  - Personally grossed approx $300k year over year
  - Trained new employees on systems, search strategies, composing emails, vetting candidates, and other crucial functions

Community Development Leader/Web Developer | June 2015 - July 2016

Go Cashless, Inc (Thanks!)

  - Developed website and blog with PHP/Laravel, adding Google Analytics and A/B testing design, significantly improving conversions from 5% to 15%
  - Created a program using Twilio API and cron automating sms marketing messages to hundreds of prospective users with an average conversion of 10%
  - Managed communications interns and all social media accounts, increasing followers by 100%

Founder/iOS Developer | April 2014 - May 2015

Jaunster

  - Managed all phases of app and API development from concept to product
  - Developed iOS app in Objective-C, deployed and released to the AppStore in 6 months
  - Strategized and analyzed guerilla social media marketing to drive organic user growth

Director of Operations | April 2012 - April 2014

Shiverick Imports

  - Managed IT, inventory, billing, payments, budgets, accounting, and staffing resulting in a 400bps improvement in net income margins for a mature business.
  - Reduced working capital needs using data analysis of product sales and inventory turn.
